Aug 2019 — Jul 2022	B.SC, UNIVERSITY OF ALLAHABAD 8.58CGPA	PRAYAGRAJ
Apr 2018 — Mar 2019	Intermediate, NATIONAL INTER COLLEGE 7.76CGPA	Sitapur
Apr 2016 — Mar 2017	Highschool, NATIONAL INTER COLLEGE 8.58CGPA	Sitapur

EXPERIENCE

Jun 2024 — undefined	Full Stack Developer, Pizeonfly As a Full Stack Developer at Pizeonfly, I build scalable, high-performance web applications using the MERN stack and SQL. I handle both frontend and backend development, focusing on seamless user experiences, optimized databases, and secure RESTful APIs. My work supports digital marketing strategies through robust, industry-level solutions.	New Delhi
Sep 2023 — Dec 2023	Mern Stack Intern, GeeksForGeeks During my internship, I developed full-stack web applications using React, Node.js, Express, and MongoDB. I worked on API integration, authentication, and performance optimization, gaining hands-on experience in scalable architectures and real-world problem-solving.	Noida

SKILLS	MongoDB	React.js
	HTML	Mern
	Git & Github	Java
	SQL	Javascript
	CSS	Node.js

PROJECTS	HisaabKaro	https://hisaabkaro.com
	As the developer of HisaabKaro, a digital account ledger book for small businesses, I implemented features such as approval-based transaction handling, real-time notifications, smart expensing, and smart invoicing. These functionalities enhance financial management by streamlining processes and improving efficiency for business owners.	
	CRM	crm.indiaeducates.org
	As the developer of India Educates' CRM platform, I integrated features such as Excel data handling, real-time notifications for work updates, and a meeting scheduler with audio/video call support. These enhancements streamline operations, improve communication, and support the organization's mission to empower students through personalized guidance and efficient service delivery.	

HOBBIES	Cricket,Movie,Travelling
